

SILVERPAZ

Highly reflective protective coating

Product description

SILVERPAZ is a silver-colored highly reflective bitumen-based protective coating.

Product Uses

Intended for the protection and silvering of sealing materials made of bitumen such as membranes, tar, gums, pastes and more. Intended for silvering the seams of bitumen membranes-based waterproofing systems.

Packaging

18 Liter can

Advantages

- ✓ High elasticity.
- ✓ High resistance to ponding water.
- ✓ Creates a homogeneous waterproofing, strong and elastic layer.
- ✓ High cracks' bridging ability.
- ✓ Excellent adhesion to concrete and the bituminous products.
- ✓ Quick application and drying.
- ✓ High light reflection capacity improves the ability to protect against solar radiation.

Technical Specifications

Appearance	Silver paste
Reflectivity	> 50%
Top coat	24 hours (respective of weather conditions)

Method of Use

Surface Preparation

Verify that the surface to be waterproofed is clean and clear of loose parts, dust, casting shells, concrete morsels, oil and foreign substances that may impact adhesion.

Method of application

Mix well until you get a uniform mixture free of lumps. Be applied with an airless brush, roller or wiper. Brush or spray in two layers a total quantity of about 300 g/M².

Remarks

- ✓ The product is ready to use, do not dilute it.
- ✓ Be sure to close the cans after finishing the work.
- ✓ The product contains volatile and flammable solvents, store it in a shady, well ventilated place.
- ✓ When applying the product, drying it, and applying other products in its surroundings, make sure to ventilate the area and avoid the formation of sparks or visible fire until the solvent evaporates.
- ✓ It is recommended to clean the tools with Pazkar made mineral turpentine.

Safety instructions

- ✓ **Not for human consumption.**
- ✓ **Before using the product, you should read the safety instructions and warnings that appear on the product label and the safety data sheet (MSDS) which can be obtained from Pazkar Ltd.**
- ✓ Keep away from heat sources (S15).
- ✓ Keep away from sources of ignition. Smoking is prohibited (S16).
- ✓ Use appropriate protective clothing, gloves, protective glasses / face mask (S36/37/39).
- ✓ In the event of an accident or if you feel unwell, seek immediate medical attention and show the packaging label (S45)
- ✓ In case of ingestion, do not induce vomiting: seek immediate medical attention and show the packaging label (S62)
- ✓ Avoid release into the environment: refer to the special instructions and the Material Safety Data Sheet (S61).

For Safety detailed instructions please refer to Pazkar's safety data sheets (MSDS)
